Sir:-

I beg to inform you that W.R.Brereton Esq. of Whitford P.O called at this Office this morning regarding the issuing of his patent for the Fr N½ of 14-56-16-w-4-m.

By my records he holds entry for the N.E.¼ of this section containing 136 acres and also 24 acres of the fr N.W.¼- of 14 which contains 76 acres. This would give him 160 acres by homestead entry right and leave 52 acres for him to acquire by purchase.

At the present time, this 52 acres is covered by water and also most of the 24 acres which was included in his homestead.

Mr ~~Brereton~~Brereton is now totally blind, he informs me that he has been in the country 30 years, that at one time he squatted near Vicoria but could not get entry for the land, that he left that place and took up another and lost all his building, cattle sheds and store by fire, that finally he took up his present homestead thinking that the water in the Lake would lower, which it has not done. At the present time he finds himself without money and blind after having spent the best of his life in this District.

What he desires is his Patent, he is unable to pay for the 52 acres and does not now want them as they are covered by water. If his Patent could issue for the N.E.¼ of 14 and that portion of the N.W.¼ of 14 not covered by water, containing about 24 acres I would recommend that this be done.

Name of Homesteader Col. Land

Land for NW of Sec. 14 Tp 52 Rg 16-W 4th

~~General Remarks Continued:-~~

In connection with the sale of this ~~for~~ I beg to say. There is approximately 55-60 acres of the unpatented portion of same on the ~~the~~ water at this date on Legal Subdivisions 11 and 12. There is about 5 or 6 acres of same, high land the ~~not~~ a big part of the balance may have been covered by shallow water in high water time.

The 5 or 6 acres of high land is not well adapted for agriculture as it is very stoney The land is clay and gumbo soil and suitable for pasture land only.

I found no objection in the neighborhood to the sale of this land, not even by the present owner and occupant of the SW ¼ of same Sec.

This land is at present occupied and fenced ~~by~~ by the applicant to purchase.

I did not measure the land but believe the water has receded away considerable from its original survey.

Good ~~hay~~ hay lands are offering in the vicinity for 12 to $14.00 per acre but not selling. Good pasture land ~~with~~ improvements can be bought for 8. to 10.00 per acre. I would therefore consider Four and one half ~~(4.00)~~ dollars ($4.50) per acre to be a fair Valuation for this land, at this date and know no reason why same should not be sold.

Memorandum:-

I beg to refer to Mr. Grodeve's memorandum of the 17th inst., with your remarks endorsed thereon, and to submit for your perusal Mr. J.Bailey Powell's letter of the 13th instant, in which he protests against the proposal to cancel the entries of the homesteaders who have petitioned to transfer their rights to the Company, and has left Calgary to be sold as proposed to the Company, unless the entries therefor are cancelled forthwith by voluntary abandonment of the homesteaders or through the usual cancellation proceedings, upon the purport of our letter of the 22nd ultimo to the Agent of Dominion Lands, Calgary. It is observed that the Minister endorsed on the previous letter from Mr. Powell, dated the 7th ultimo, in reference to the land in question,-

"if we have agreed to sell the land, I instruct us "to cancel same it not be entertained."

In view of these instructions and of Mr. Powell's protest, the Agent of Dominion Lands might now be told not to accept any cancellation for any of the entries, and that upon the homesteaders filing with him the usual abandonments of their entries, the land is to be acquired by purchase by the North-West Ranching and Packing Company.

Dear Sir:-

A company headed by Mr. J. B. Powel has made application to buy s 16 - 15 - 27 West 4th on the strength of wanting tp put a town on this section and they also claim to have an option on the four odd numbered sections that square into this section. Mr. Powel's company has done nothing yet and the progress of the district is being retarded on this account as a town is wanted here in the very worst way. Section 9 is well adapted for a town site but the company claims to have an option on this section as well as others. Can you give me any information as to the time limit that is placed upon the co. and do you think that section 9 or a part of it could be bought and if so whoc should application be made to. Is there any chance of section 16 being thrown open again for entry. Thanking you in advance for the favour of a reply,

Memorandum.

With reference to the Departmental letter of the 17th April last, by which Mr. J. Bailey Powell was advised that the North-West Ranching & Packing Company might purchase Sections 9, 15, 17 and 21 in Township 15, Range 27, West of the 4th Meridian, and were to be allowed to acquire from the homesteaders who held Section 16 in the same township their rights to their respective quarter-sections, I beg to submit Mr. W. A. Powell's letter of the 5th ultimo which the Agent has transmitted under cover of his letter of the 10th of the same month, in which the former states that Mr. Powell has not as yet done anything in the matter, and asks whether any time limit was given the Company.

The agreement was that one-fourth of the purchase money should be paid at the time of purchase; and Mr. Powell stated in his letter of the 5th September last that he would make the first payment in the following month. The records do not show, however, that any payment has as yet been made. The original application for the lands in question was dealt with by the Minister

Memorandum:

With reference to the letter from the North West Coal and Navigation Company, dated the 2nd ultimo relative to their purchase of Section 1, 11, 12, Township 11, Range 1, West Fourth Meridian, regarding which you have asked to report, I beg to say that Mr. J. Bailey Powell was instructed on the 4th June, 1906, (File 337907) under instructions from his Minister, that no land in question must be sold to the Coal Company at their business at the present but to be purchased on the following terms:-

[illegible] must be paid [illegible] years. [illegible] interest [illegible] must be paid [illegible] years."

[illegible] that [illegible] stated in his letter to the Minister, that [illegible] the first payment [illegible] made. [illegible] July, 1907, and [illegible] of the Company stating that [illegible] privilege of selling [illegible] Mr. [illegible] paid [illegible] Department [illegible] interest, [illegible] the first payment [illegible]

Hon

E. L. Grenfell, Esq.,
Commissioner of Dominion Lands.

Railway Company's right of way, the net area of land sold being 7192.39 acres (Time this [illegible] 31st July, 1[illegible]).

It will be observed that Mr. Lovell now asks on behalf of the Company in order that they may have no trouble with certain persons who have erected buildings on lands which they (the Company) desire to sell them; that [illegible] time given them, to erect their buildings and make their improvements be extended or that they be granted permission to sell a portion of the lands covered by their purchase to the individuals mentioned or that the Department accept the value of the improvements they put on the improvements required, in which case they will pay up the balance. Mr. Lovell states further that if either of these necessities were granted, it would greatly facilitate their movements; but that they would only use [illegible] acres more if another year from the 31st July next.

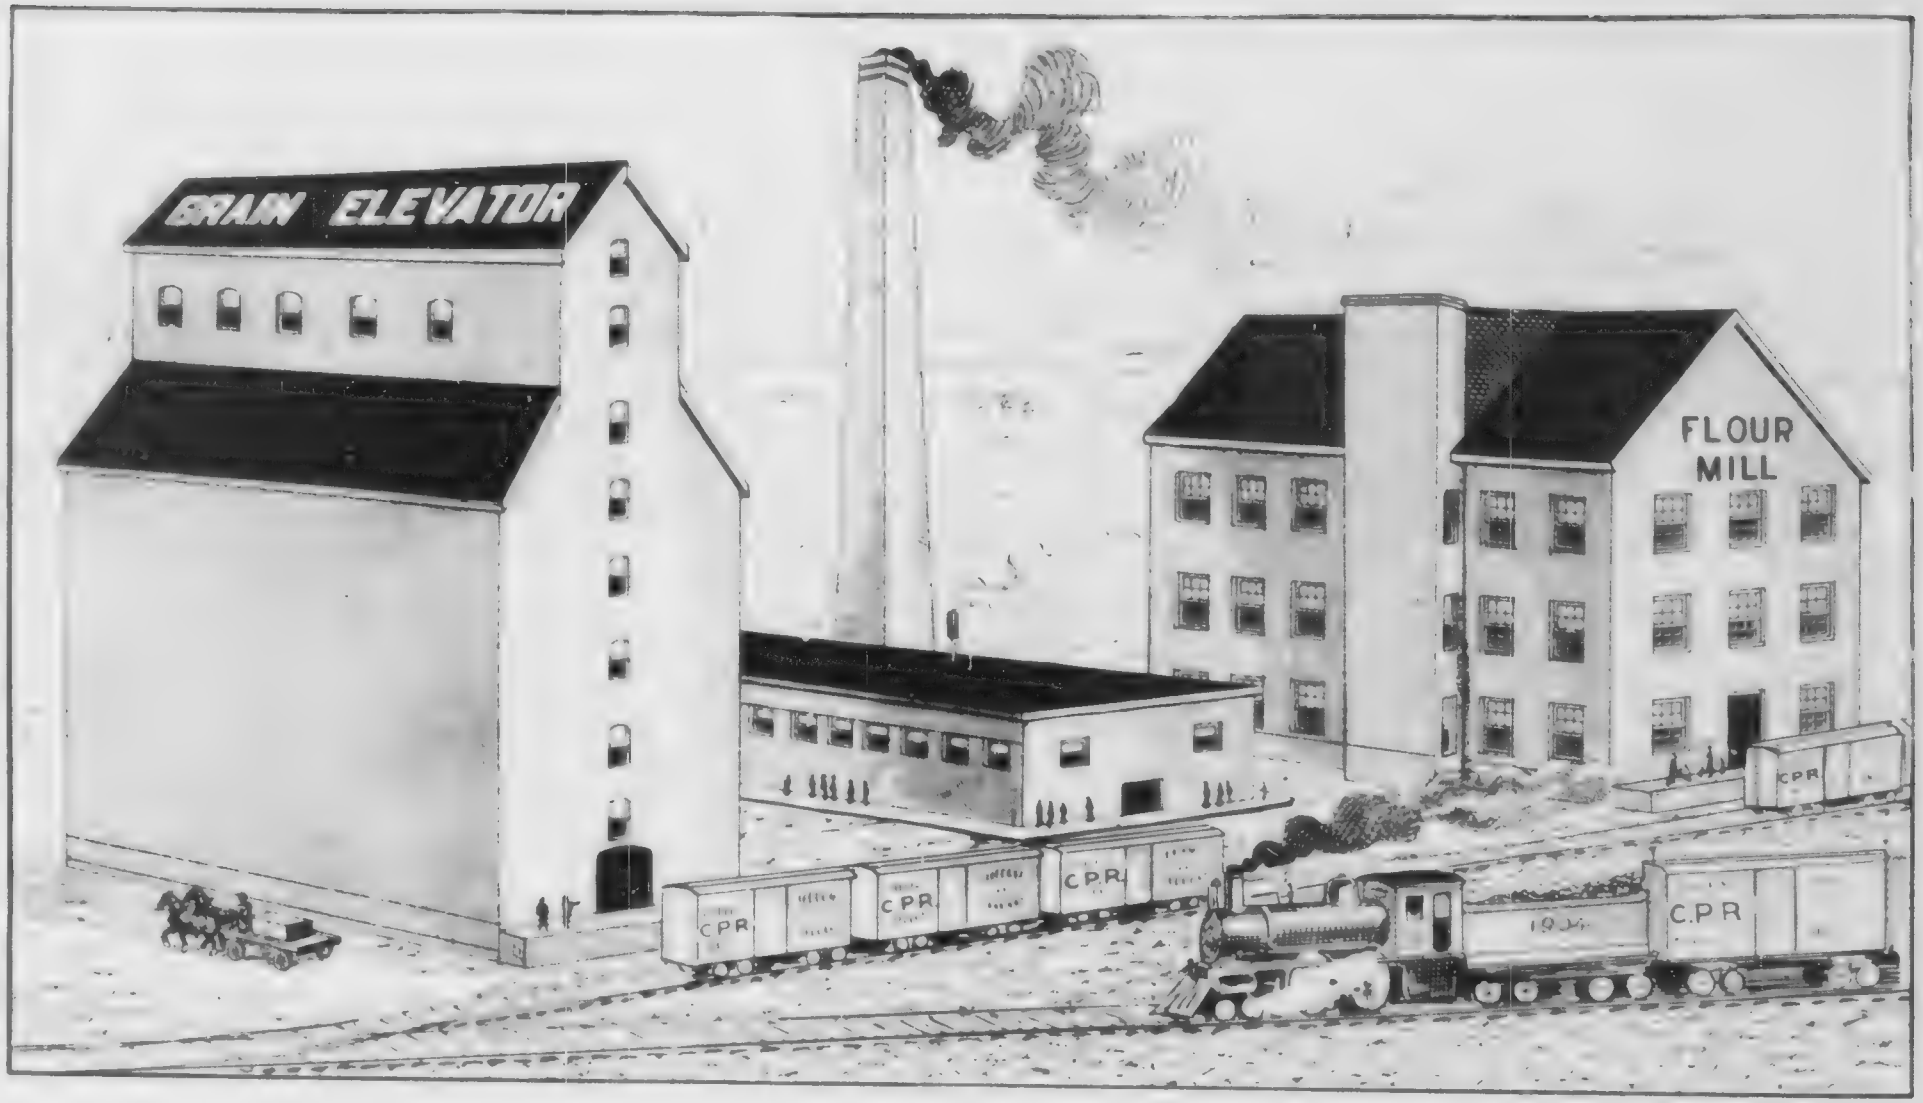

It will be observed also that Mr. Lovell states that he explained to the [illegible] when making the first payment the cause of the delay in getting the necessary improvements and his request for an extension of time.

[illegible] 4, [illegible] expired in which the improvements are required to be made within two years, if the time limit can be extended from the date of the application by Mr. Lovell, that reference, namely, 31st July, 1[illegible], it would allow a little [illegible] the extension Mr. Lovell is now asking for [illegible] more than a year.

There would appear to be objections to granting the Company the extension of time asked for, but I do not think that the other conditions of the sale should be altered or that they should be permitted to [illegible] the purchase.

The sale of the land in question was made under the decision referred to Mr. Lift[illegible] Mr. Dixon's memorandum of the 10th April, 1924, the authority to sell not having been obtained, which should have been [illegible] the area covered by the sale exceeds the statutory limit [illegible] any one person or company purchase.

Hon. Deputy Minister of Interior,

Dear Sir:

I will recollect when I was making the payment upon the five sections our Company bought from the Government, sections 9 - 15 - 16 - 17 and 21, Township 15, Range 27W 4th Mer., I explained to you that the delay in making the necessary improvements was owing to our having had such opposition from the C. P. R. in putting in a siding for our proposed work, and that it would be necessary for the Company to get an extension of time of one additional year for doing the improvements: on that account I asked you to extend that time then I was making our payment. You said you would do so, "but for me to make the application for the extension of time for improvements before the time run out, that we then still had another year to do the improvements, as the time runs out about the 1st July next", and as we have only now succeeded in getting the side tracks put in, it will be necessary for us to get the extension you promised me.

I make the application now for the reason, several parties have applied to us to build them a few lots, upon which they want to build a shop, blacksmith-shop and other buildings, and that we may have an opportunity of letting these people, we would like to, privately either extend our holding for a certain time, or give us permission to sell a portion to these people, or accept the whole money without the improvements erected, and we will pay the balance to get the deed, as this would greatly facilitate our interests. S I R:-

Referring to your communication of the 7th. of December last, File No.883,706, I have the honour to refer you to my communication of the 10th. of November/04, stating that Sections 9, 15, 17 and 21, Township 15, Range 27, West of the 4th. Meridian, stand in the books of this office in the name of the Calgary & Edmonton Railway Co.; and my letter of the 19th. of October/05, in regard to the amount of the first instalment, to which no reply has been received.

I presume these lands were not selected by the Railway Company, If as stated in your letter of the 7th. of October last, the area sold to Mr. J. B. Powell is 3192.79 acres, the amount of the ~~same~~ sale would appear to be $3577.17, and the first installment would be $2394.29, not $2945.29. Be good enough to furnish this office with a statement in connection with this sale, in order that the same may be correctly entered in the ~~books~~.

I have been requested by a party who is indirectly interested in this land to ask if upon payment of the amount of principal and interest, patent would issue. The party is aware of the clause in the agreement between Mr. J. Bailley Powell and the Department, that some $40,000 must be expended in buildings and other improvemnts.

Ref. 663706

Ottawa, 9th November, 19..

Memorandum:-

With reference to the letter from Mr. J. Bailey Powell, Secretary of the North West Ranching and Packing Company, dated Calagry the 29th ultimo, and the papers attached, enclosing copy of a letter from Messrs. Short & Stuart, dated the 14th August last, to the secretary, the original of which does not appear to have been received in the Department, I beg to state that the particulars of the case as disclosed by the papers on File 663706 are as follows:-

Mr. Powell was informed on the 27th April, 19..., under instructions of the Honourable Mr. Sifton, then Minister of the Interior, that sections 9, 1.., 1.., 17 and 21, in Township 15 Range 27, west 4th meridian, might be sold to the said Company for the purposes of their business at the current rate of $3.00 per acre, and on the following terms:-

"That a patent will be issued when payment is made in full and the sum of $40,000.00 expended in bona fide improvements and buildings upon the land within two years. One half of the purchase money must be paid at once and should the conditions not be fulfilled, the land will revert to the Crown."

Although one of the conditions of the sale was that one-half of the purchase money should be paid at once no payment of any kind was made at the time, and Mr. Powell having stated in his letter of the 7th September

The Honourable Frank Oliver,

Minister of the Interior.

September.1904.that he would make the first payemnt the following month an extension of thirty days was given him and no payment of any kind was made. Mr. Powell was subsequently advised under date the 19th July.1905,that unless payment on account of the lands was made on behalf of the Company within thirty days from that date the privilege of sale would be cancelled. He thereupon paid to the Department on the 31st of the same month the sum of $2945.29,being $2394.29 principal,and $551.00 interest,as first payment on account of the land in question,less the Railway Company's right of way,the net area of land sold being 3192.39 acres.

(Time sale 7677--21st July.1905.)

By letter of the 26th February last,Mr. Powell asked on behalf of the Company,in order that it might have no trouble with certain persons who had erected buildings on the lands which the Company desired to sell them; that the time given the Company to erect its buildings and make its improvements be extended,or that it be granted the privilege of selling a portion of the lands covered by its purchase to the persons referred,or that the Department accept the whole of the purchase money without the improvements required,in which case,it was stated,that the Company would pay the balance. Mr. Powell further stated that if either of these concessions were granted it would greatly facilitate the Company's business,but that in any event the Company could easily complete the $40,000.00 improvements agreed upon in another

another year from the 1st July,1906.

In my memorandum of the 13th March last,to the Commissionerof Dominion Lands,I pointed out that as under the conditions of sale the sum of $40,000.00 expended in bona fide improvements and buildings was to be made within two years,if the time limit was to be counted from the date of our notification to Mr. Powell, above referred,namely the 27th April,1904,it would expire on the 27th April,1906,and the extension Mr. Powell was asking for would be for more than a year. I also stated that there appeared to be no objection to granting the Company the extension of time applied for, but I did not think that the other conditions of the sale should be altered,or that the Company should be permitted to sell any of the lands comprised in the purchase unless all the conditions of the sale had been carried out.

I also called attention to the fact that an Order-in Council would have to be obtained,confirming the sale,as the area covered by such sale exceeded the statutory limit which any one person or Company may purchase,but no instructions have yet been given for the preparation of a memorandum to Council,authorizing the sale of the land above mentioned.

In reply to his letter of the 26th February last,Mr. Powell was advised by the Deputy Minister by letter of the 20th March last,that as the Company had until the 1st July following to make the payment there

was

there was nothing to prevent it from going on with the work, and that, if by the 15th June last Mr. Powell found the Company was not in a position to comply with the conditions attached to the sale and would advise the Department as to the amount of work done on the property and the amount of money expended, the Company's application for a further extension of time would be submitted to the Minister forhis consideration. In answer to this letter Mr. Powell stated, among other things, in his letterof the 24th March last, that the delay in making the necessary improvements called for by the conditions of the sale "is no fault of ours, and "is caused by the accursed arbitrary powers given to "the C.P.R. to dictate to everybody in this vast country." and concludes his letter "To attempt to do the whole improvements within the short time left (and without "the papers returned from the C.P.R.) would be to "undertake business for the Company in direct violation "of their instructions and almost an impossibility "and I appeal to you as an old business man to give me "something to assure the shareholders and directors that "if the work is being vigorously pushed the Government "will give the necessary time to carry out the work.

"Trusting you will re-consider this matter, and "give me an early reply, I am yours most respectfully."

Mr. Cory then informedMr. Powell by letter of the 29th March last that he could not possibly have assured him that a further extension of time for one year would be granted as he was not in a position to do so, but what he did say was that as the Company had until the 1st of July following within which to put in the required improvements, it would be better for Mr. Powell to make every possible effort to comply with

the

the terms of the agreement, and if by that time he still required a further extension and submitted to the Department a statement showing the amount of work performed and the amount of money expended, his application for the extension of time would be duly considered.

In June last Messrs. Short & Stuart enquired what would be the amount necessary to remit to the Department in order that patent might be issued for the lands purchased by the North West Ranching and Packing Company, and whether upon such amount being paid the patent would be issued at once. They were advised by letter of the 31st July last that the balance due, according to the books of the Department, on the lands sold to the North West Ranching and Packing Company is $7182.88, bearing interest at 5% per annum from the 21st July last to date of payment, and he was also told that no patent could be issued for these lands until the conditions under which the sale had been made had been fulfilled. It was stated in error, in the letter last referred to, that insterest accrued from the 21st July last, instead of from the 21st July, 1905.

So far as the file of papers in this case indicates no further action appears to have been taken.

Respectfully submitted.

The Secretary,

Department of the Interior,

Dear Sir;-

We are in receipt of your telegram and following letter of July 31st. After showing it to our clients they expressed great surprise at its contents. They state positively that the condition quoted in your letter were afterwards changed by the late Minister of Interior Hon. Clifford Sifton and the Secretary of their Company, and that the change was afterwards acquiesced in by the present Minister Mr. Oliver when accepting the money a year ago. As the first payment was made only a year ago, this gives them another year to make the final payment, even if there was no change in the agreement between Hon. Clifford Sifton and the Secretary of the Company.

It was also their understanding of the first conditions that the homesteaders of 17-16-27-W.4th, part of the land in question, to consent to abandon their homesteads, so as to allow the Government the right to sell the lands to the North West Lumber & Packing Co. Ltd. and the homesteaders as stated in their declarations of abandonment. These declarations the Government did not receive until near the end of January 1906, and therefore the Government were not in a position to fulfil their conditions or contract of sale, until that date, as then only in consequence of the fact that the homesteaders, relying that the improvement conditions had been removed, abandoned their homestead rights. In fact it was only a few months ago that the Government had to

write to the Land Company either to secure these abandonments or the deal could not be carried out.

The Company in any case claim to be entitled to have the agreement date from the time they secured the abandonments of the homesteaders entries.

Our clients say that if the Government refuse to carry out the understanding made in good faith between the late Minister and the Secretary of the Land Company, then it is only fair that the homesteaders be allowed to withdraw their abandonments, and be reinstated. Then in that case the Government and not the Company would be unable to fulfil their contract of sale as agreed upon.

Our clients believe that when the Minister reviews the whole situation, he will agree that they are entitled to pay the remaining cash payment and receive the lands at once, so as to facilitate their operations and not be compelled to wait till 1st, the time at which the agreement you refer to requires payment We may say moreover that our clients have already done large improvements on the lands in the way of breaking, fencing and cropping, and but for the arbitrary action of the C.P.R. Co'y, would have had $100,000, worth of improvements on these lands. They refused to put in a siding and as a consequence the building contemplated could not in any case be erected.

We are also informed by our clients that at the time of making the cash payment on the lands, the utility commission and a longer time for payment was discussed by the Secretary with the Deputy Minister and that he asked for a letter to give his Company out that the Deputy Minister told him it would be all right to make an application in the regular way and that it would be

brought up and granted in the regular way.

As the homesteaders who tendered at Search Lters of the Company are our clients, we desire to notify the Government that the homesteaders claim the first right of re-entry upon Section 11 and that in any case they will insist upon their rights.

We would like to be informed when the Minister returns so that the Secretary of the Company may go over to Ottawa to interview him on these matters.

Yours very truly,

The purchase of Lands,Township 15.Range 27,West 4th, M.

——O——O——O——

In the spring of 1903, we applied for the purchase of the Lands in question . Mr Sifton sent us the terms,which were $3. per acre,and $40.000 improvements within two years .

Our Directors thought this very excessive ——considering that had the balance of the Land been homesteaded ,the Government could not expect to get more than one half the improvements they were asking from us ,about $1000.to each quarter section ,without the $3 per acre. The Goverament price for land in that locality at that time ,was $3 per acre,and the Calgary & Edmonton Railway lands were selling then at 3 to $5 per acre on six to ten years payments .

The Directors instructed me to go to Ottawa,and see Mr Sifton with the view of securing better terms. Mr Sifton admitted the terms were "rather stiff" and offered to issue the patent on the payment of the $3 per acre,which I was not then prepared to do ,and requested him to give me a letter to that effect .He replied" I will instruct the department to carry out this arrangement"

these instructions having never been given ,we have now nothing before us ,except his first letter of terms referred to ,therefore are now anxious to make some different arrangements with the department ,either to pay the money $3 per acr or get modified conditions,——re—improvements .

I communicated to our Company your willingness and promise to give a letter protecting the Company's rights until the first of February 1908,(two years from the date the Government obtained possession of the homesteaders abandonments, as set forth in the letter of our Solicitors Messrs Short and Stuart,acopy of which I enclose) and that after that date ,if the patent was not issued ; you would protect the rights of the abandoned homesteaders .

Mr. [illegible] informed on the [illegible]

15. Range 2, west of [illegible], [illegible] sold [illegible] on the said Company for the purposes of their [illegible] on the following terms:-

"[illegible] of $[illegible] [illegible] paid [illegible] Crown."

The Honourable [illegible]

September,19[illegible]4,that he would make the first payment the following month an extension of thirty days was given him and no payment of any kind was made. Mr. Powell was subsequently advised under date the 19th. July,19[illegible]4,that unless payment on account of the lands was made on behalf of the Company within thirty days from that date the privilege of sale would be cancelled. He thereupon paid to the Department on the 4th of the same month the sum of $394.29,being $2394.29 principal,and $[illegible].00 interest,as first payment on account of the lands in question,that the Railway Company's claim of way,[illegible] not more if land sold here 3192.39 acres. (Time duly extended [illegible])

By letter of the 26th ultimo last,Mr. Powell stated on behalf of the Company,[illegible] that he had no trouble with certain persons who had squatted on the lands the Company wanted to sell land, but the [illegible] given the Company to erect its buildings and make its improvements be extended,or that it [illegible] on the privilege of selling a portion of the lands covered by its purchase to the persons referred,or that the Department accept the value of the improvements without the improvements required,in which case,it was stated,that the Company would pay the balance. Mr. Powell further stated that if either of these concessions were granted it would greatly facilitate the Company's business,but that in any event the Company could easily complete the $40,000.00 improvements now called upon to

Further

another year from the 1st July, 19[illegible].

In a memorandum of the 13th March last, to the Commissioner of Dominion Lands, I pointed out that as under the conditions of sale the sum of $[illegible] expended in bona fide improvements and buildings was to be made within two years, if the time limit was to be counted from the date of our certificate to Mr. Powell, above referred, namely the 27th April, 19[illegible], it would expire on the 27th April, 19[illegible], and the existing Mr. Powell was asking for would run for more than a year. I also stated that there seemed to be no objection to granting the Company the extension of time applied for, but I did not think that the usual conditions of the sale should be altered, or that the Company should be relieved to any of the liens contained in the [illegible] unless all the conditions of the sale had been carried out.

I also called attention to the fact that if the Ontario Council would have to be notified, before the sale, if the Provincial [illegible] sale exceeded the ordinary limit of one hundred and sixty acres, that instructions might be given for the issue of a [illegible] Council, as provided by the [illegible] of the Land Regulations.

I [illegible] to his letter of the 11th February last, Mr. Powell has given [illegible] Deputy Minister by letter of the 14th March last, that as the Company has until the 1st July following to have the patents issued

was

there was nothing to prevent it from doing or having the work,and that,if by the 15th June last Mr. Powell found the Company was not in a position to comply with the conditions attached to the sale and would advise the Department as to the amount of work done on the property and the amount of money expended,the Company's application for a further extension of time would be submitted to the Minister for his consideration. In answer to this letter Mr. Powell stated,among other things,in his letter of the 21st March last,that the delay in [illegible] the necessary instruments called for by the conditions of the sale "is at fault of ours,and "is caused by the somewhat arbitrary views taken by "the C.P.R. to which everybody I [illegible] "has become accustomed." and concludes his letter "To attempt to do the whole "improvements within the short time left (and without "[illegible] returned from the C.P.R.) would be to "[illegible] business for the Company in direct violation "of their instructions and almost an impossibility "and I appeal to you as an old business man to help me "secure the issue of the necessary clearances and patents that "if the work is being vigorously pushed the Government "will give the necessary time to carry out the work.

"Trusting you will re-consider this matter, and "give me an early reply,I am yours most respectfully."

Mr. Cory then informed Mr. Powell by letter of the 29th March last that he could not possibly give assurance that a further extension of time for one year would be granted as he was not in a position to do so,but what he did say was that as the Company had until the 1st of July following within which to put in the required improvements,it would be better for Mr. Powell to make every possible effort to comply with

the

the terms of the agreement, and if at that time he still requires a further extension submitted to the Department a statement showing the amount of work performed and the amount of money expended, his application for the extension of time will receive consideration.

I have the Messrs. Scott & Stuart employed and would be pleased, as right to the Department to enter that patent might be issued for the lands purchased by the North West Mounting and Packing Company, and whether upon such an entry being made the patent would be issued at once. They were advised by letter of the 1st July last that the balance due, according to the records of the Department, on the lands sold to the North West Mounting and Packing Company is $7152.48, with interest at 6% per annum from the 31st July last to date of payment, and he was then told that no patent could be issued for these lands until the conditions upon which the sale had been made had been fulfilled. It was stated in error, in my letter last referred to, that interest accrued from the 31st July last, instead of from the 31st July, 1897.

The file of papers in this case including the further letter appears to have been taken.

Respectfully submitted,

In response to the letter from Mr. J. Bailey Cowell, Secretary of the North West Trading and Mining Company, under date 30th ultimo, and the powers thereby conferred, by letter from Messrs. Short & Short, solicitors, dated 14th August last, to my Secretary, the original of which letter I have now received in this Department, I beg to state that the particulars of the case to be submitted by the owners of the said are as follows:-

Mr. Cowell purchased on the 27th April, 1904, under instructions of the Honorable Mr. Sifton, then Minister of the Interior, [illegible] sections 9,15,23,27 and 21, in township 51, range 27, west 4th meridian, situate on the Saskatchewan River in the district of Edmonton, and in the Dominion terms:-

One [illegible] to be fulfilled, the [illegible] part to the Crown" [illegible] one of the conditions of the sale was that one half of the purchase money should be paid at once and the balance in one year from date of purchase. that he would make the first payment the following month an extension of thirty days was given him on account of any kind was made. Mr Powell subsequently denied entering into the 19th July, 1905, that interest account on account of the lands was made on behalf of the company within thirty days from that date the privilege of this could be cancelled. In addition paid to the Department on the 21st of the same month the sum of $2445.19, being first payment, and $51.00 interest, as first payment on account of the pre-emption, leaving the railway company's first payment, the net area at issue being 319.39 acres. (See also 9717--31st July, 1905)

By letter of the 24th February last, Mr. Powell asked on behalf of the company, to cancel that they be reinstated in the lands and erected buildings to the value given as necessary control to sell them, that the time given by company to erect the buildings be extended, or that it be granted the privilege of selling a portion of the lands covered by it necessary to the erection referred, or that the amount paid by them be returned. In this case, the money already payments thereon. It was stated, that the company could not pay the interest. Mr. Powell further stated that if either of these concessions were granted it would greatly facilitate the company's undertaking, at least in any event the company would easily complete the $40,000.00 improvements agreed upon in connection with the first July, 1906.

In my memorandum of the 4th instant, in the case of Dominion Lands, I pointed out that in order the conditions of sale the sum of $2445.19, improvements and buildings were to be made within two years, if the time limit was to be granted from the date of our no-

Ref. 803706

Land Patents Branch,

Ottawa, 11th February, 1907.

Memorandum:-

Re North-West Ranching and Packing Company.

I beg to return Mr. James Short's letter of the 11th ultimo, which has been referred to me for report.

It would appear that a copy of my memorandum addressed to you of the 9th November last, in which I endeavored to give all the material facts of the case, was sent to Mr. Short with your letter of the 1st ultimo, advising him that "In view of the statement it would appear to me that the Company is in default in regard to the improvements since July last. Under the circumstances I must advise you that unless the Department receives satisfactory evidence that the improvements in question are now completed and that payment of the money due is also made it will be necessary for the Department to bring the privileges of the Company to a termination."

Mr. Short only specifies one omission, and in addition thereto states that in the first place the statement omits a letter of the 19th December, 1905 from the Department to his clients, stating that the Government was not in a position to carry out the sale to the Company, unless the homesteaders on section 16, abandoned their homesteads, and asking his clients to secure these abandonments for the Government, otherwise the sale would have to declared off. In this connection I may say that according to the file of papers relating to this transaction there was no such letter sent from this Department to the said Company, but a letter was written

The Honourable Frank Oliver,

Minister of the Interior.

written on the 7th December,1905,to the Agent of Dominion Lands at Calgary,in which the latter was informed that unless [illegible] of the four quarter sections of section 16,township 27, range 27,west 4th meridian, were voluntarily abandoned by the homesteaders Mr. Powell would have to secure another quarter section to replace section 16 as the homesteaders could not be returned in their entries. This letter only referred to section 16 which had been entered for and had no reference to the other sections comprised in the sale.

Mr. Short also refers to a certain interview Mr. Powell had with the Honourable Mr. Sifton,then Minister of the Interior,but of course what took place at such interview the file does not disclose,and I am not,therefore,in a position to express any view as to the promises which it is alleged were then made to Mr. Powell.

Mr. Short,in the third paragraph of his letter of the 11th ultimo,states, that "under the "homestead Regulations $1000,improvements on each "quarter section would be all the Government would "expect before issuing a Patent which would mean "under the Homestead Regulations $20,000 for the "five sections the Company was purchasing."

I am at a loss to understand what is meant by this statement. As you are aware there is no fixed value on the improvements a homesteader has to make upon his homestead,and that all that is required of a homesteader is to establish to the satisfaction of the Commissioner of Dominion Lands,who deals with each application on its merits,that he has resided on and cultivated the

the land for a period of three years.

Mr. Short concludes his letter of the 11th ultimo,as follows:-

"Considering all the phases of this subject, "we think that should the Government exact a dollar "an acre extra for the issue of the Deeds without the "performance of the improvements,it would be quite "a heavy bonus and should satisfy the Department.

"We would therefore respectfully request that "if the Department cannot accept our suggestion,that "before any steps in the direction intimated in your "letter be taken you will allow us to bring the matter either before the Cabinet or Parliament. We really "cannot allow so important a matter for our Clients "to drop in this matter and they cannot go on any "furtner with their operations until this matter is "finitely settled.

"Trusting you will look fully into this matter "and that we shall have from you a more favourable reply".

Mr. Shortin his letter of the 5th December last stated in the third paragraph thereof that

"In the case of Mr. Powell's homestead,S.W.; S.16, "T.15. R. 27,west 4th M. upon which section I believe "great value was placed in the negotiations between "Hon. Clifford Sifton and the Company - and upon "which the C.P.R. is placing a station - the improve-"ments were at the time of abandonment almost completed "and since then have been entirely completed."

In Mr. Powell's declaration of abandonment of his homestead entry for the S.W.¼ of the said section 16,which was made before the Acting Agent of Dominion Lands at Calgary on the 16th December,1905,(Ref.875214) in answer to the question " Have describe the improvement "and state the value thereof (give area of breaking and "cultivation each year) it is stated "No improvements".

If the Company's present proposition to be

permitted

permitted to purchase the lands at an advance of $1 per acre on the purchase price of $3 per acre, is not entertained, I think, since the Department has been unable so far to obtain any definite information as to what improvements have actually been made on the lands comprised in this sale, that it would be well to instruct a Homestead Inspector, or some other Officer of the Department, to make a personal inspection of the lands in question, and to furnish the Department as soon as possible with a full report thereon.

I find that according to the records of the Department Mr. W.J. Parkhill's Entry for his homestead, the S.E. ¼ of the said section 16 has not yet been received in the Department, and that the land still stands in his name in the books of the Department here. It is quite possible, however, that the cancellation papers have been filed with the Agent of Dominion Lands at Calgary and have not yet been forwarded to the Department.

Respectfully submitted.

Sir,

I am directed to call your attention to the fact that in dealing recently with the lands which the North West Ranching and Packing Company have been authorized to purchase upon the performance of certain conditions, it was found that the S.E.¼ of section 16, township 27, range 27, west 4th meridian, still stands as a homestead entry here in the name of W.J. Parkhill, while it would appear, from the [illegible] on file respecting the land applied for by the said Company, that [illegible] for the four quarter sections comprised in the said section 16 have been abandoned by their respective entrants in order that the land might be included in the sale to the North West Packing and Ranching Company. I am, therefore, to request that you will be good enough to advise the Department how the S.E.¼ of section 16 stands according to the records of your Company.

In this connection your attention is also called to your letter of the 25th August, 1904, Ref. 4:307, stating that an application had been received by you from Isaac S. Carson for the inspection of the quarter section in question, and to my letter of the 22nd September following. (File 3706). in relation thereto.

Dear Sir,- Re North West Mercantile Trading Co.
Re J. Bailey Lowell.

Referring to my interview with you on Friday last, I write to thank you for the arrangement then made for the sending out of an Inspector to report specially upon the improvements recently made by this Company on these lands.

When the Inspector is being sent out, will you be good enough to let us know when he will be due to look at the property, and also name, so that the Company may be sure that he sees everything and makes a proper report.

In this connection, it was observed to be important to you that as the particular reason why this Company desires its patent is so that it may issue its debentures at the present time, that it must be most satisfy the requirements if the money put in by the subscribers for debentures was deposited in the Bank or in some satisfactory to the Department, to be applied in improvements on the premises. If this were done, then the Department would be assured that the money, which has provided, it would be expended on the improvements, and there would

be no difficulty about [illegible] the extent or payment of the warehouse price. Will you let me know whether this suggestion strikes you favourably? I do not know whether it is a feasible suggestion, and one which my clients are able to carry out or not, but I have written to them, so that if it is advisable from their standpoint, and [illegible] of the whole problem.

I, James Short, of the City of Calgary, in the Province of Alberta, Advocate, do Solemnly Declare.

1. That in or about the end of April, 1910, after negotiations between the North West Railway and Navigation Company and the Canadian Pacific Railway Company had been carried on for some time Mr. [illegible], Assistant Right of Way Agent of the said Railway Company called at my office in Calgary and agreed to [illegible] the said Railway Company in consideration of the sum of [illegible] for the granting of the Railway and Transfer Railway now operated under lease by the Canadian Pacific Railway Company in the West half of said Section Sixteen (16), Township Fifteen (15), Range Twenty-seven (27) West of the Fourth Meridian, and requesting me to prepare a transfer from the said Railway Company of certain portions of said lands shown on the railway location plan of said lands, according to plan which Mr. Anderson [illegible] at the time.

2. In the negotiations which preceded the visit of Mr. Anderson as I am informed by J. MEMORANDUM OF ENCLOSED DECLARATIONS.

J. Bailey Powell's Declaration appears to be the most important declaration of the lot. It relates to the performance of settlement duties on the south west quarter of section 16, Township 15. Settlement duties appear to have been regularly undertaken in the year 1903, during the spring, summer and autumn of which year Mr. Powell resided on the property for six months in all. He appears to have ceased actual continuous residence upon the property in the fall of 1903, and since that time his residence has only been to such an extent as was necessary for making his improvements and working and cropping the place. The details of all these various operations appear to be fully and satisfactorily set out in Mr. Powell's declaration, and to be fully corroborated by the other declarations attached.

I am not sufficiently familiar with the method in which the Department practically administers the Act in cases of this kind, but, in view of the actual residence to begin with, of the continuous cultivation of the farm, of the improvements made and of the buildings erected, I submit that the Department may well waive the technical actual residence necessary after the year 1903, particularly in view of the fact that these premises were expected to have been taken over by the North West Ranching & Packing Company, Limited, under the arrangement made with the Government, and upon which money was paid.

Dear Sir,- Re N.W. Ranching & Packing Co.
Re J. Bailey Powell.

I am this morning in receipt of your telegram of yesterday, which reads as follows:- "Re Ranching and Packing "Company. Have you received information which you were to "obtain from Mr. Powell?", to which I replied "Documents just "received. Writing."

The statutory declarations came in on Monday, and I handed them out to be copied in order that I might have copies for my file, and in order that I might have an opportunity of perusing them before sending them down to you. I now hand them to you, the particulars being as follows:-

1- Statutory Declaration of Joseph Bailey Powell.
2- " " " James Short.
3- " " " W. H. Hawk.
4- " " " Norval B. Wilson.
5- " " " Edmond Auclair.
6- " " " John Struthers.
7- " " " J. B. Powell.

For your convenience, I also enclose as an addenda to this letter what I extract from these declarations as being relevant to the performance by Mr. Powell of his settlement duties as a homesteader on the South West quarter of Section 16.

Since writing you on the 4th inst., I have received a letter from my client dated April 17th, cancelling the instructions under which I wrote you on April 4th regarding an extension of time for doing improvements in lieu of cancellation, and instructing me to proceed upon the basis discussed between us on the 25th of March, namely, that a patent issue to Mr. Powell himself as a homesteader for the south west quarter of section 16, and that patents issue to the North West Ranching & Packing Company, Limited, for the remaining three quarter-sections of 16, also for the north half of section 9, and for the south east quarter of section 17 at $3.00 per acre, and that the sale as to the balance of the lands be cancelled. I trust that on the basis of the enclosed declarations, you may see your way clear to carry out this arrangement, but if that is not possible, kindly let me hear from you before taking any decisive action in the matter.

Mr. Powell says to me in his last letter "if the Depart-"ment will not take out my homestead and issue me a patent without "further homestead duties, get them to take a payment of $3.00 or "$3.00 per acre in lieu of further homestead duties, as I cannot "go there to do them."

If necessary, I will come down and discuss the matter

with you.

Thanking you for your consideration in the past, and trusting to have the favor of an early reply, I am,

Yours truly,

Dear Sir,

We have received the copy of Departments letter 13t. inst-, its a reptition of the same old thing,"Improvements"this seems to be the only question from their standpoint; Not a single answer to our questions,nor as to beginning or ending of time limet for the improvements. In accordance with your advice,all operations have been stopped for some time past,waiting for a definite answer from the Government,which through all their correspondance for the past year and over,we have been unable to get.——What can we do? as you said yourself it would be the hight of folly for any Company to proceed in the face of such uncertainty.

As you Know yourself we secured the necessary money in this city to either proceed with the improvements or to pay an extra dollar an acre to cancel the remaining improvements ,and take up the patent at once. Realy we are at a loss to know what to do,we have been kept in this way so long,it looks as if we were being forced out of our property.

The Honorable Frank Oliver,
Minister of the Interior,

Dear Sir,- Re The North West Land(illegible) and Packing Company, Limited.

I duly received your last letter in this matter requiring a statement of the improvements made by the Company. I forwarded your letter to the Company and have received the enclosed reply from the Manager, Mr. J.B.Powell. Mr. Powell states that he has raised sufficient money, upon which he is paying interest at the rate of 10%, to pay the amount he offered, that is an extra dollar per acre on all the land, which sum would be sufficient, in his opinion, to finish the necessary improvements on the land; these improvements he would proceed to make forthwith, provided only that he had your assurance that he would be given an extension of two years more in which to make them. He points out again that the Government itself has not been in a position to carry out their part of the agreement as it has only recently asked for the amendment of part of the title from a member of the Company.

If you could only see your way clear to waive your demands by granting the extension of time asked for within which to make the improvements, the Company say they would go forward at once with the work.

Yours truly,

W. W. Cory, Esq.,
Deputy Minister of the Interior,
Ottawa, Ont.

Dear Sir,- In re Manitoba & Northern Ry. Co.

Referring to my interview with you yesterday respecting the North West Farming Company, Limited, I write to preserve a record of same, and to keep the matter in order on my files, as well as your own.

In my interview of yesterday, I first presented to you the instruction which I had received from my clients, namely, to offer the sum of $5,000. as a terms of settlement in the matter of price of the lands, in consideration of my clients being relieved from any obligation to make the improvements originally agreed upon, or any other improvements in lieu thereof. You then stated that after having fully discussed the matter with the Minister, it had been resolved that as a matter of policy, that the present Government could not entertain the proposition, in order to secure to the locality the benefit of the electric enterprise, that, under no circumstances, would the obligation to make the improvements be cancelled, and that the lands be conveyed for a mere nominal consideration, and that any offers based on such a footing were entirely idle.

In former [illegible] I had suggested to you the [illegible]

ing it in the hands of a Bank in Calgary, satisfactory to you, the money necessary to complete the improvements, the same to be disposed of by the Bank on an architect's certificate as the improvements were completed, and you then stated to me that you thought that that could be satisfactorily worked out. On submitting this to my clients, they do not appear to think that it would be feasible from their standpoint, and I think that we need not discuss that further.

These matters being exhausted, I next may suggested to you that a patent issue to Mr. Powell himself as a homesteader for the south west quarter of section 16, and that patents issue to the North West Mounting & Trading Company, limited, for the remaining three-quarter sections of section 16, for the north half of section 9 and for the south east quarter of section 17 at $2.50 per acre, making up the $2,945.29 already paid to the Government on account of the whole purchase, and that the latter be cancelled. I understood from you yesterday that you favorably considered this plan, but that you would require to have further information, particularly with respect to the improvements already made and with respect to the residence which Mr. Powell has made on the quarter section which he proposes to homestead. I have, therefore, telegraphed Mr. Powell, asking him for an affidavit setting forth these facts, which I will forward to you as soon as received.

Would it be possible to have a definite arrangement now, that the time within which the North West Mounting & Trading Company should make their improvements, should run from the date of

the last abandonment secured fro[illegible] homesteaders. [illegible] less than a month ago. My clients say that if they [illegible] definitely as the commencement of the time for [illegible] improvements, that they could go forward and make the improvements in half the time called for, but that they have been [illegible] ing, not knowing exactly what position they were in. They say that they are prepared to proceed with the improvements upon receiving this assurance from the Government as to the time limited, so that the property may not be lost if the improvements are completed. They say that if you see your way clear to date the time for beginning improvements from the time when the last abandonment was received, that that would settle the whole matter.

[illegible] good enough to [illegible] an early reply, particularly referring to the last paragraph of this letter.

Dear Sir:—— ,

After two and a half years of negotiations with the C.P.R. last August, we signed and sent to Montreal an agreement approved by the Railway Co for their signature . Today we are notified (seven months later) that the Calgary & Edmonton Railway will not accept the C.P.R. agreement with us . This is the latest delays and uncertainties we have been compelled to face in the last 3 and a half years . We were prepared to meet with a fair, Hotel at a cross on the C.P.R. across our site , also to have proposed Station, without this agreement the business will be valueless and cannot be proceeded with until the matter is settled .

Our Solicitor informs us , we would be liable for heavy damages , should we bring action against Railway Co , for breach of Railway Act , which Railway Co cannot afford to do . In the face of all these difficulties and disappointments really beyond our control, do you not think we are entitled to some extra land , or consideration at the hands of the Government ? .

Dear Mr. Masten,

I am in receipt of your letter of the 5th instant with regard to the application of the North West Ranching and Packing Company for lands in Township 15, Range 27, West of the 4th Meridian.

In reply I beg to state that this matter has again been carefully considered, and the decision arrived at is that the Company will be permitted to purchase at $3.00 per acre such portion of the lands originally applied for in connection with their scheme as the amount to their credit in the Department will cover, namely, five quarter Sections, or eight hundred acres in all. The amount standing to the Company's credit, exclusive of interest, is $2,394.29, so that there will be a balance coming to the Department of $5.61 According to the declarations filed with your letter of the 24th April last it is quite clear that Mr. Powell has not performed the necessary duties on the South West quarter of

Section 16 which he holds under entry to entitle him to patent, and there is no way in which he could be permitted to acquire the land except by allowing the company to include this quarter Section amongst the five others on which they will now be permitted to apply the money standing to their credit. I may say that under all the circumstances this is the most favourable settlement of the case that can be offered.

Dear Sirs- Re File 7[illegible], Fort West Dauphin Co.

The Agreement respecting this matter appears to have been issued upon the condition that $2,000 be first expended in the improvements before application could be made by the Co. of selling the land to my clients. As these improvements were never completed, the agreement for the purchase of the property never came into force, the condition precedent not having been fulfilled. The consequence of this is that the money paid to the Department is a deposit of so much money, merely in anticipation of a purchase and in which interest might fairly be allowed by the Department to the depositor. Certainly no interest should be charged against them on an agreement of purchase that never came into actual force, the preliminary condition not having been fulfilled. The fact that the moneys paid to the Department, amounting to Two Thousand Five Hundred and Seven dollars, have been charged in one way or another in the bookkeeping of the Department, can make no difference in the real rights of the parties.

For these reasons, I submit that my clients should, as arranged at Ottawa, receive a patent for Section 16, and the West half of Nine, together with a refund of the balance.

Yours truly,

Mr. Starr to be informed that the Crown agrees that the purchase of the Section 16 and the West half of Section 9 may be completed upon payment of the balance of the purchase money.

Ref. 883706.

M.D. Ottawa, August 2nd, 1907.

My dear Senator,

On the 2nd ultimo you addressed a letter to Mr. Greenway, in which you ask on behalf of Mr. P. Logan, who holds Half-breed Scrip Note No.A4697 for 160 acres, and Mr. P. St. Sauveur, who holds Half-breed Scrip Notes Nos. A8567 and A9604 for 160 and 80 acres respectively, to have the same applied upon the West half of Section 15, and the West half of the South East quarter of Section 15, Township 15, Range 27, West of the 4th Meridian.

In reply I beg to state that it is contrary to the practice of the Department to allow Half-breed Scrip to be located upon any portion of an odd-numbered Section, as such scrip is only locatable upon land open for Homestead entry. Under the circumstances I am afraid that it would not be possible to comply with your request, but I will hold the matter in abeyance until the Minister's return if you so desire, so that it may be submitted to him for his decision.

Acting Deputy Minister.

Copied for the printer Jos. P D.

On a Report dated 10th. July, 1907, from the Minister of the Interior, stating that the North West Ranching and Packing Company, Limited, was permitted in April, 1904, under instructions, from the then Minister of the Interior to purchase Sections 9, 15, 16, 17 and 21, in Township 15, Range 27, West of the Fourth Meridian, for the purposes of its business, at the current rate of $3.00 per acre, and subject to the performance of certain conditions, and has paid the first instalment of the purchase money.

The Minister reports, further, that the company now represents that it has been unable to fulfil the conditions of sale owing to a difficulty having arisen with the Canadian Pacific Railway Company, who has refused to give it a spur or siding, without which it is impossible for it to make the required improvements, and has requested that the first instalment paid by it on account of the purchase money be applied as payment in full of the purchase of the following parcels included in the sale, viz:- the W½ of the W½ of section 9, and the whole of section 16, and that the sale of the remainder of the lands it was permitted to purchase be cancelled.

The

The Honourable

The Minister of the Interior.

The Minister reports, further, that he is of the opinion that the application of the Company should, under the circumstances of the case, be granted, and he, therefore, recommends that the sale be authorized to the North West Canning and Packing Company, Limited, of the N½ of the N½ of Section 9, and the whole of Section 16, less the right of way of the Canadian Pacific Railway Company, containing 792.08 acres, and that the sum standing to the credit of the Company on account of the lands included in the original sale be applied in payment of these 792.08 acres.

The Committee submit the same for approval.

Sir,

With further reference to your letter of the 2nd ultimo, a copy of which was forwarded here by the Secretary of the Military Hospitals Commission, Ottawa, I may say that the papers relating to your pre-emption, the north east ¼ of section 18, Township 8, range 22, west of the 4th meridian, have recently come up for consideration and it is found that the land still stands in your name as a pre-emption.

It would appear that you have been on active military service and, if so, such time can be counted to your credit as performance of pre-emption residence duties.

If you will send here full information regarding your enlistment, your certificate of discharge, if you have received it, and also fill in and return here the enclosed blank form of statement, showing exactly what you have done in the way of settlement duties in connection with your pre-emption in each year up to the present time, your case will be given full consideration and you will be further advised.

It seems that your disability, contracted while on active military service, will not prevent you from complying with the necessary settlement duties required in connection with your pre-emption, and that it is your intention to go into occupation of the land without delay and complete the necessary duties.

Your obedient servant,

Assistant Secretary.

Sir,

You have been recommended for patent for the N.W¼ of Section 32. Tp. 39. R. 22 West of 4th Meridian which, according to the official plan of survey contains an area of ~ 3 acres, the remainder of it being covered by the waters of a certain lake. As the waters of this lake may have receded, making the land which was then covered by water more or less fit for cultivation, it is possible that you may wish to have the patent for your homestead issued to cover the full theoretical area of 160 acres, which includes the land and the land covered by water.

If you desire the patent issued in this way, on your filing with the Department here a solemn declaration, a form of which is herewith enclosed, to be made in accordance with the provisions of "The Canada Evidence Act, 1893," that the land covered by the waters of the said lake, as shown upon the official township plan, is now dry, the patent can then be issued for the full theoretical area of 160 acres, more or less.

Sir,

I beg to acknowledge the receipt of your letter of the 8th instant, applying for a soldier's patent for 2 acres in the North East corner of the S.E.¼ of section 31, township 18, range 14, West 4th meridian, formerly covered by water, and to say that under the present practice of the Department it cannot be held that entries have validly and permanently reclaimed the land formerly covered by water may be disposed of to the registered owner of the remainder of the quarter section, upon the latter filing in this Department an abstract of title, obtained from the Land Titles Office, or his application for registration of title, which latter will be returned to him, showing that he is the registered owner of the patented portion of the quarter section in question, together with a statutory declaration setting out therein that the land applied for has become wholly and permanently dry. A report from the Homestead Inspector is also obtained by the Department in all such cases.

I may point out, however, that the portion of the said S.E.¼ of section 31, township 18, range 14, West 4th meridian, which, at the time your homestead patent was issued, was covered by a lake, is now according to the latest plan of survey low land liable to flooding with those acres in the North East corner only dry land. If, therefore, you will forward

here the abstract of title above referred to, showing that you are the registered owner of the patented portion of the quarter section in question, a Homesteads Inspector will be detailed to visit the land and report as to whether or not it is wholly and permanently dry. If such report is found satisfactory, a supplementary patent may be issued to you for the unpatented portion of the said quarter section.

CALGARY, ALBERTA

4th September 1929.

E.J.Fream, Esq.,
Chairman, Seed Grain & Relief Adjustment Board,
EDMONTON, Alberta.

Dear Sir;- Re; Ernest Wilson- deceased,
Municipal District of Excelsior #92,
E½ 20 & W½ 21-10-4-W.4th, Seed Grain
and Relief indebtedness.

Ernest Wilson obtained the undermentioned seed grain and relief advances from the Municipal District of Excelsior No.92.

May 1st 1920 Seed Grain	$119.06
" 17th 1920 Relief	712.97

On December 31st 1920, $8.00 was credited on the seed grain account for road work performed by the deceased debtor in 1926. After his death his widow applied for an adjustment of his seed grain and relief indebtedness and the Municipal District of Excelsior No.92 referred the application to the Department of Municipal Affairs, and received in reply a letter which reads as follows:-

"

File M.D.92 S.G.
Re; Seed Grain and Relief Account and
Mrs.Lillian Wilson.

Sir;

Mrs. Lillian Wilson has again written to this Department in connection with her desire to settle her account for Seed Grain and Relief charge against her land. As we have had some correspondence in connection with this question, I have, therefore, advised her to again take this question up with you. In your letter to this Department, of Dec.24 1924, you wrote, stating that you would accept her offer on condition that the Department gave credit for the full amount of the indebtedness. On January 3rd, 1925, I advised you in connection with same. I may say, however, that if there would be any possibility of your losing your Seed Grain and Relief account, I believe it would be advisable to make a satisfactory settlement with her, and not same in your records, so that, if the Government decides upon a final adjustment with the Municipal Districts, it can be duly accounted for, the same as you do in the case of lands being lost through foreclosure proceedings.

" If you decide upon this course please advise this Department at once.

Your obedient servant,
A.H.MICHEL
Chief Taxation Clerk,
Per.A.Tage "

On receipt of the letter the Council of the Municipal District passed the following resolution.

" A letter was read from Department of Municipal Affairs dated 3rd.Feby.1926 advising that Mrs. Lillian Wilson's offer of settlement of seed grain and relief advances should be accepted if there was any possibility of losing the whole amount. Moved that Mrs. Wilson's offer of payment of the principal owing for seed grain and relief be accepted."

In accordance with that resolution on March 12th 1926 they accepted $824.02 being the balance of the original advances made to the deceased debtor as in full settlement. This payment was applied on seed grain and relief in the following manner:-

Seed Grain	$111.05
Relief	712.97

For the purpose of book-keeping these payments were applied first on interest leaving outstanding a small balance of principal to which interest has been added to December 31st 1928, leaving an unpaid balance which it will now be impossible to recover.

Unpaid balance seed grain-	principal	$ 47.98	
	Interest to Dec.31/28	9.44	$57.42
Unpaid balance relief	-principal	$290.44	
	interest to Dec. 31/28	57.06	347.50
			$404.92

I recommend that the action of the Council upon advice of the Department of Municipal Affairs be confirmed by the Board, and that the unpaid balance of this account as shewn above be written off both in so far as it affects the late Ernest Wilson's indebtedness to the Municipal District and the indebtedness of the Municipal District to the Province of Alberta.

Yours truly,

Acting Director.

Re; Ernest Wilson, W½ 20-10-4-W.4th
W½ 21-10-4-W.4th, S.D.#1791 Your Ref:
Sask.#3-977881.

I have for acknowledgment your letter of May 1st, 1930, with reference to the above Board Order and in which you especially request information in connection with the payment of $712.97.

Please be advised that the Municipal District of Excelsior #92, received the payment above referred to on March 13th 1926, and that in the Municipal District's record the amount received was credited, as to principal and interest in the manner as set forth in the penultimate paragraph of the report of the Director, ebt Adjustment Act.

The Municipal District forwarded this collection, $712.97, to the Department of Municipal Affairs, and in the departmental record this sum was credited to the outstanding interest account of that Municipal District under date of March 19th, 1926.

Your Department received its 42% share of this sum included in the cheque representing March collections forwarded to you by the Seed Grain and Relief Branch in April, 1926, which cheque was in the sum of $1076.18.

I trust that this is the information you require and that this matter is now clarified.

Sir,

Replying to your application to purchase under the Irrigation Act the N.W.¼ of section 17, township 22, range 9 west fourth meridian, I am directed to say that this land is not at the disposal of the Department, it being reserved for the Canadian Pacific Railway Company on account of its Main Line subsidy.

J. Sutherland Esq.

Dear Sir,

I paid a visit to your Office last week, with the intention of applying for a homestead on a certain 1/4 sec which I am particularly desirous of securing.

The quarter is the S. W. 1/4 of 17. 22. 7 west of 4th & I was informed that I could not homestead in an odd numbered sec. & also that the Government were not selling any land.

What I was told seemed definite & final as I leave a considerable amount of land in that vicinity & it is absolutely

imperative that I should secure
this in order to carry on the
lease, I decided to write to you
hoping that you would be able
to assist me in some way to
secure this by homesteading.
I might add that two log
houses were built on this right
years ago & that there were
people living there ever since &
also when I bought the lease from
J. J. Quail last summer all his
buildings were on this quarter
In the event of my not being
able to secure this land by
homesteading or it passing into
any one else's hands, it would mean
that I would have to abandon the
house & improvements which I
have been put to great expense
to obtain. Trusting you will
be able to help me in this matter
I remain
Yours truly

Dear Sir,-

With regard to letter dated 14th inst. last (illegible) my application to purchase the S.W.¼ of Section 17, Township 1 Range 9, West 4th meridian I might say that owing to the absence of section posts in that country a mistake was made as to the quarter which I want to secure. I now find that the piece of land I want is that small portion of the N.W.¼ of 17,21,9 lying S.W. of the Red Deer river. Would it be possible for me to purchase this portion alone or would I have to buy the whole N.W.¼?

In answering kindly state the price per acre for the whole of the ¼ and also for the small portion.

With reference to the memorandum of Mr.N.O. The Acting Agent of Dominion Lands at Calgary now submits a communication from Mr. Denton amending his previous application and stating that instead of the SW¼, he now desires to purchase "that small portion of the NW¼ of said Section 17 lying to the south west of the Red Deer River".

The said NW¼ of Section 17 is clear in the records of this Branch but is contained within the limits of Ranche No.2693, of which applicant and his partner are the lessees. The small fraction now desired, contains about 10 acres and is shown on sketch hereunder marked in red.

I beg to point out that the Agent at Calgary was notified on August 31st last, that before any application by the leaseholders to purchase any portion of their leasehold, would be considered by the Department, evidence must be furnished by the applicants that they have complied with the conditions of their lease. Dear Sir-

I enclose a letter from the Dept. of the Interior with regard to the piece of land I have been trying to purchase for the last two years, but up to the present I am no farther ahead than when I started. Now it is absolutely essential that I should own this land as all my buildings are upon it and some of them have been built for the last fifteen years, before this country was surveyed. I find now by this letter that it is not included in my lease, so that I can't purchase it through that means. But is there no other means by which I can secure it, could I pre-empt it or could I cancel my present homestead and file on it? You will notice it is an odd numbered section. I would be glad of your advice as to the best means to secure this as I am particularly anxious to get it settled. Thanking you in anticipation.

Ottawa, 26th January. 1909.

MEMORANDUM:-

Mr. F.C. Denton made application in 1907 to purchase the S.W. ¼ of Section 17, Township 22. Range 9 West of the 4th Meridian, in connection with his Ranching operations. The portion of the Quarter section East of the river was held under lease by the applicant, which lease provided that on the lessee placing the required number of stock on the leasehold, he might be sold a reasonable area thereof for a home farm and corral. The application came before the Deputy Minister, and he decided that upon the applicant furnishing satisfactory evidence that this condition had been complied with, his application would be considered.

Mr. Denton recently stated that the land he was advised to secure was that portion of the fractional half section in question lying to the west of the River, and Mr. York, who was asked to report in the matter, stated that the lessee had not yet furnished the necessary affidavit as to the stock, and also pointed out that the land now applied for was not in his Ranche. Mr. York also observed that Mr. Denton could not purchase land outside of his leasehold under the provisions of the regulations under which the Ranche was granted.

Mr.

J.W. Greenway, Esq.,
Commissioner of Dominion Lands.

Mr. Denton was duly advised in the matter, and the Agent of Dominion Lands at Calgary now submits a copy of a communication from Mr. Denton, in which the following statements are made:-

".....now it is absolutely essential "that I should own this land, as all my buildings are "upon it, and some of them have been built for the last "fifteen years, before this country was surveyed. I find "now by this letter that it is not included in my lease, "so that I can't purchase it through that means. But "is there no other means by which I can secure it, could "I preempt it, or could I obtain my present homestead and "file on it? You will notice it is an odd numbered sec- "tion. I would be glad of your advice as to the best "means to secure this, as I am particularly anxious to "get it settled."

The land applied for, which is shown colored red on the sketch annexed hereto, appears on the list sent to the Agent of Dominion Lands on the 1st September last as "Claim under consideration."

With reference to Mr. Denton's statement that, if there is no other means by which he could secure the parcel in question, he would like to either preempt it or have his present homestead cancelled, and be permitted to make entry for the parcel, it is noted that the N.W.¼ of Section 16, shown hatched in blue on the sketch, stands as a homestead in the applicant's name, and that the land in question is in the preemption area. It does not, however, adjoin the applicant's homestead.

Sir-

Mr. F. G. Denton has just called at this office to make some enquiries in regard to the fractional South West quarter of Section 17 and the fractional North West quarter of the same section, Township 22, Range 9, West 4th meridan lying South and West of the Red Deer River which he has been an applicant to purchase thinking same laid alongside his homestead, which he supposed was the fractional North East quarter of Section 18 South of said river, whereas, his homestead comprizes the North West quarter of said section.

It appears that his buildings are upon the fractional North West quarter of Section 17 above mentioned which contains an area of 10.4 acres where he has been residing since the Fall of 1906, and, considering all the circumstances I informed him that I would communicate with Head Office and ascertain if he might abandon his homestead entry covering the N.W. quarter of Section 18 and obtain permission to make entry for all of that portion of 17 lying South and West of the river containing the following fractional pieces: 10.4- 37.1 - 3.6 - 39.8- 26.1, in all 115.20 acres.

I also informed Mr. Denton that possibly he might be permitted to pre-empt the fractional North East quarter of 18 South of the river.

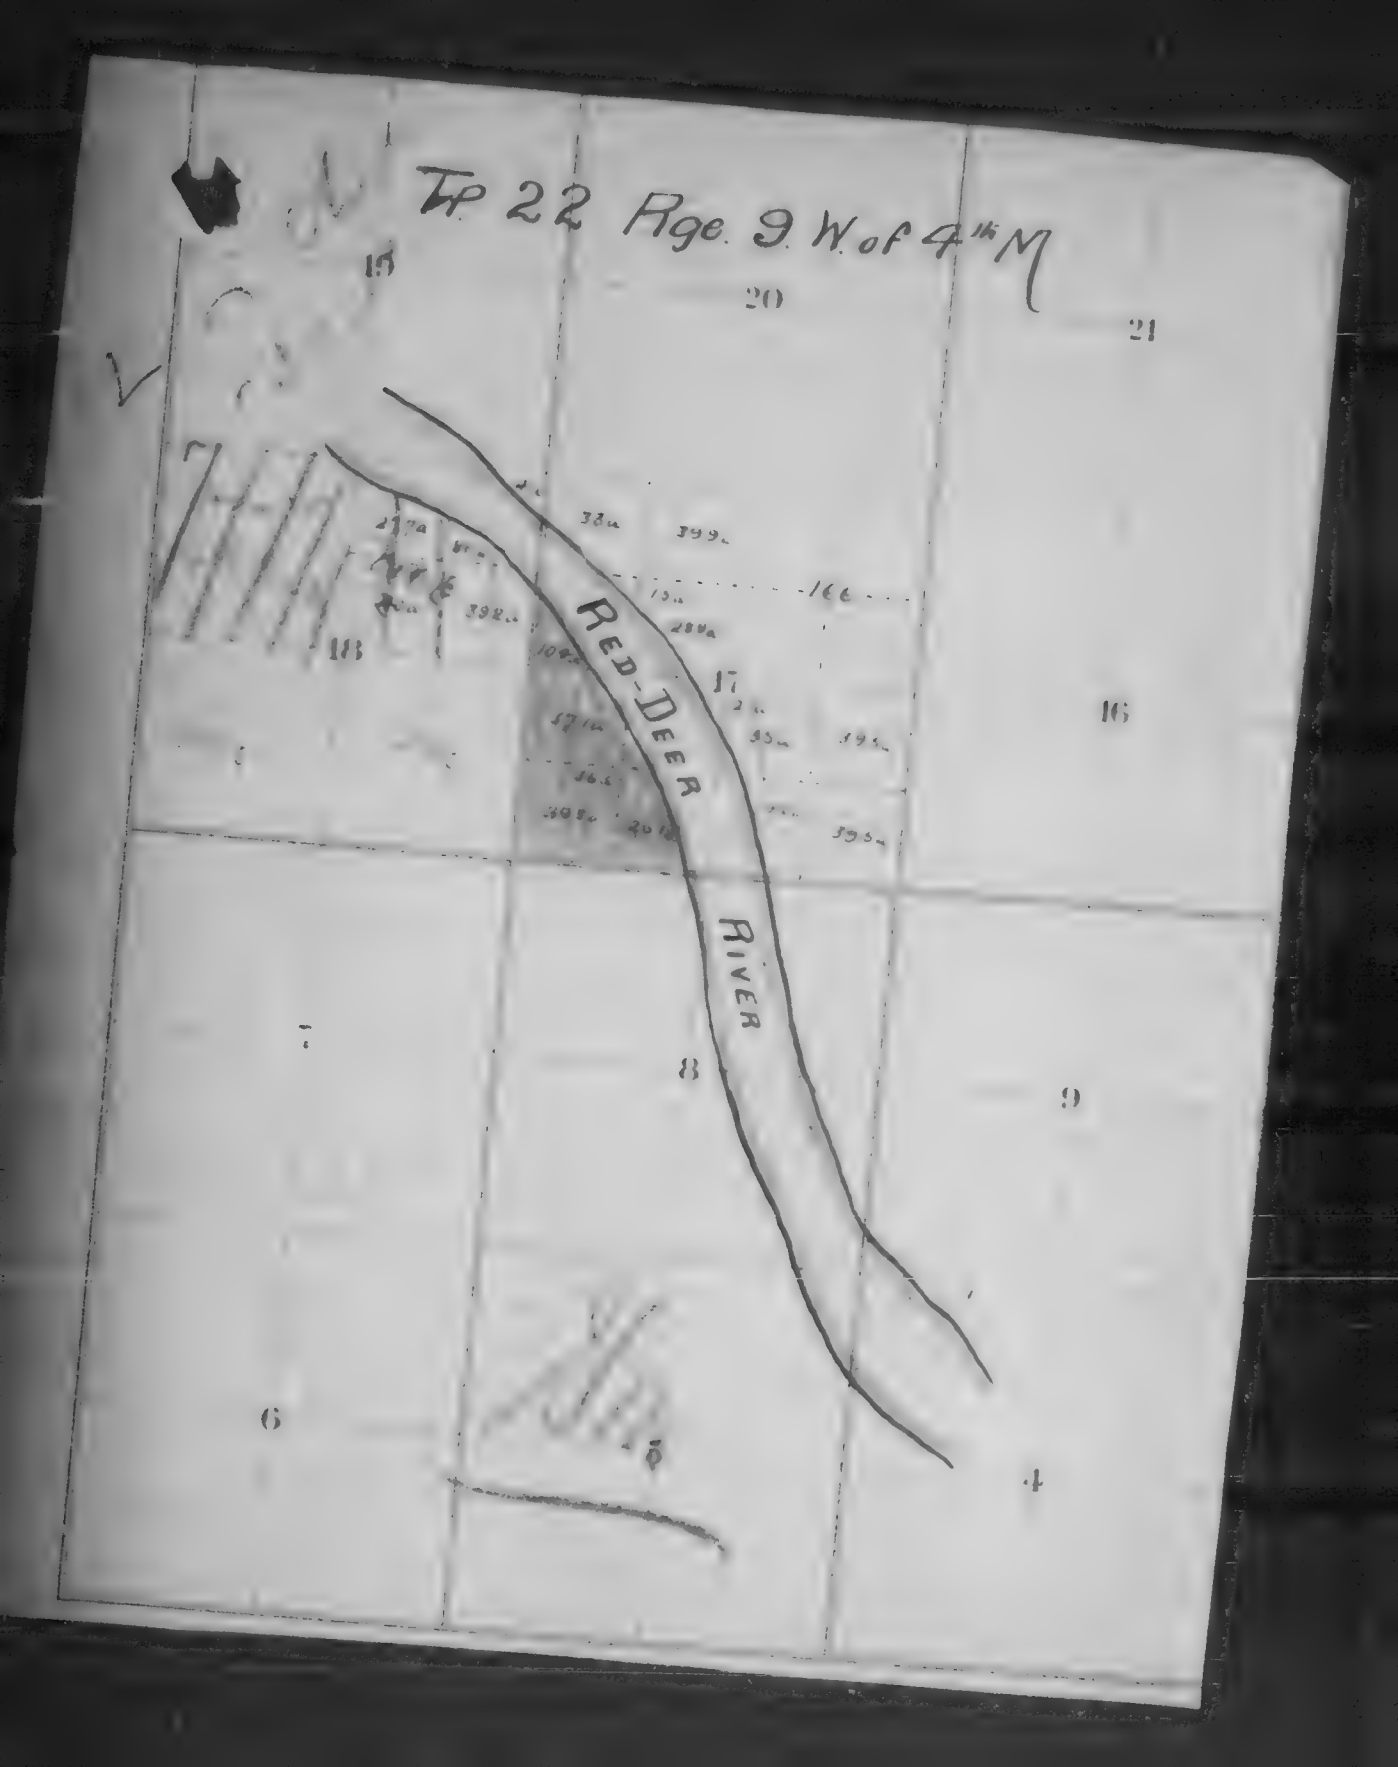

Be good enough to let this office have a decision in the matter as quickly as possible.

Hon. Frank Oliver, M.P.,

Dear Sir,

Re File No. 91061 [illegible] Dept. Int.] referring to grazing leases Nos. 1955 and 1946, I bought improvements and had this lease transferred to me last spring. I understood that was a clause in the law to the effect that a lease was given the homesteader before a homesteader could get on this land. A man near us has made entry and says he has received a homestead there and proposes building up this matter. May this be kept in the centre of my leasehold as all my improvements, You yourself told me at Macleod some time ago that the Department was not issuing there leases to be taken away from ranchers 6 months notice.

There are miles and miles of homesteads open for entry in every direction outside this field - plenty of river front homes we would like to have with protection my lease gives ranges.

There are just two or three quarters outside the lease that could be taken but if they are taken out of the lease then the rest of the land is absolutely no use to anyone.

Another thing I want to take up personally when I call on Monday is the matter that most of the water on which I have built is on the river. In fact

there

there are just 160.4 acres not. I do not wish to apply to
homestead right, [illegible], as 10 acres and [illegible] 150
as much I put by this letter at the usual government
price and only [illegible] homestead right on adjoining land.
Part of this quarter lies north of river but is [illegible]
spring as it no use.

A reply at your earliest convenience would greatly
oblige.

Yours truly,

No. 9614

122-B-11.

October 30, 1946.

Mr. J. M. Judge,
Chairman,
Seed Grain & Relief Adjustment Board,
EDMONTON, Alberta.

Dear Sir:

Re: N½ 2-14-6-west 4th Meridian.
Thomas L. Brown. Old Joint Relief.

In the year 1930 this party obtained an advance for Joint Relief in a sum of one hundred and four dollars and fifty cents ($104.50) and there is now due under this lien a sum of two hundred and ninety-four dollars and fifty cents ($294.50).

As security for this advance a lien is registered on title to the above described land and constitutes a first charge thereon, that title now vested in the Crown in the Right of the Province having been taken over under Tax Recovery Proceedings.

The Department of Municipal Affairs now informs me that the land has been sold for a sum sufficient to permit of payment of the original amount of the advance and has requested that this be accepted in full settlement.

Inquiries show that the property was sold at one dollar ($1.00) per acre which is reported to represent the fair sale value as it is situated in a very dry district and might be classified as poor grazing land.

I would, therefore, recommend that the offer be accepted, the lien released and as there is no further security the balance outstanding be written off.

Yours very truly,

CHIEF COLLECTOR.

William Howlett, Esq.,
Seed Grain and Relief Adjustment Board,

Re: W½ 2-14-6-W.4 - Thomas E. Brown,
Old Joint Relief -Bd. Order 9604.

Dear Sir:

Order in Council P.C. 23/301 dated the 28th January, 1947, has been passed, supplementing the report of the Seed Grain Adjustment Board that upon application of the sum of $104.50 to the credit of the joint relief advance in this case, the lien be released and the balance written off.

Our officer who was in charge of seed grain matters and who was familiar with the work, died near the end of March and as we are not just sure what further action is required in such cases, it was thought that possibly you could inform us whether it is necessary to send releases of these liens to the Registrars with copies to your office as in the case of Federal liens, or whether discharges are the responsibility of the Province. Any information you can furnish will be of great assistance and will be most welcome.

Yours very truly,

T.L. Cory,
Acting Registrar of Lands.

Dear Sir:

Re: M5 2-14-6-4.
Thomas E. Brown.
Your file 885817.

Further to our letter of the 24th ultimo regarding the discharge of Joint Relief Liens there is one circumstance which we omitted to mention although it does not apply in this particular case.

In certain instances an applicant for a Joint Relief Advance at the time held the land on which the lien was given as a homestead or pre-emption entry. In the years when these advances were granted the land stood in the name of the Dominion Government and the Province or the Municipality was, therefore, unable to register a lien as patent had not yet been issued. Under an agreement between the two Governments, certain instances what was known as an unpatented land lien registered in the name of the Crown rather than in the of the Province in order that an effective charge might ld against the land.

In such cases as those cited in the previous paragraph the registration in the Land Titles Office appearing in the name of the Crown cannot be discharged by an instrument issued by the Province or the Municipal District, as the case may be, the discharge necessarily being issued by the Dominion authorities the same as in cases where a straight Dominion Advance is concerned.

As stated previously this does not apply in this particular case and does not occur very frequently although there are certain of these unpatented land liens. Where such liens occur it will be incumbent upon yourself to issue the necessary release.

HF/BR

Yours very truly,

Wml Hewlett,
Chief Collector.

Re J. B. Stratton,
S.E. 16-9-17-4.

On the 14th October, 1914, J. B. Stratton of Carnwell, Alta. made application to this Department for Relief stating that he held the land above described as a homestead. On October 16th he received feed oats and flour to the amount of $55.00, and on the same date he received groceries to the amount of $45.00, and gave as security a note for $100.00, stating in the note that he owned the S.E. 16-9-17 W4th. The signature on same was witnessed by [illegible] Bush Grubb.

Patent for the above land issued to Mr. Stratton bearing date of the 29th September, 1909, but according to a letter written at Lethbridge, on the 1st May, 1916, by the Agent of Dominion Lands, the above land at that time stood in the name of the Mercantile Trust Company of Canada, Ltd. and the note for $100.00 was not registered.

The annual notice addressed to Mr. Stratton at Faber, Alta. has been returned not called for, and I would request that you endeavour to locate Stratton and make a collection

The Tax Consolidation Board, hereby recommend a that any liens charged against Elisha S. Day, for arrears made to this debtor be discharged.

The Board submits in support of this recommendation:-

1. That at the time the arrears were made, the debtor was not the owner of any land, and the only security taken was a chattel mortgage on five head of horses.

2. That when an attempt was made to realize upon the security it was found that said security was valueless for the reason that the horses were not the property of the debtor.

3. That the debtor has departed and all trace of his whereabouts is lost, so there is no possibility of getting any further action under his personal covenant.

The Board therefore recommends that the debtor be unconditionally discharged, and the total amount of arrears thereon be written off as uncollectible.

This man secured the following advances from the Provincial Government for groceries. At the same time as he secured this advance he made application for a further advance for hay in the sum of $78.00. The Department's Agent, however, got word that Day was leaving the Country and stopped payment of the hay check.

The debtor executed a chattel mortgage in favor of the Government on five head of horses, which however, was afterwards found to be valueless, as these animals did not belong to Day, but were held by him under a lien note.

The debtor's whereabouts are unknown, and as no security exists for this advance I would recommend the same be written off.

DOMINION LANDS ADMINISTRATION

RECEIVED
JUN 10 1931

Mr. Jarvis's file / T.D.183 60.23.

June 13th, 1931.

Sir,

re - Title re Ley.

In this case there was outstanding certain indebtedness in the joint right of the Province and the Dominion as incurred in the year 1918 in the principal sum of $19.84, for which no land security was taken.

The Adjustment Board of Alberta in their report dated January 15th last, ratified by Order-in-Council P.C. 1241-735 dated March 31st, recommended that the indebtedness be unconditionally written off.

As the liens were never registered you may accept this letter as ratifying the consent of the Department to their cancellation and the closing out of the account, which action has already been taken in this office.

Your obedient servant,

H. A. Jarvis,
Deputy Commissioner of
Dominion Lands.

Dear Sir:-

Re: S.E. 16-9-17-W4th.

This Department has an old account against the above noted land for advances of relief to James Burton Stretton in 1915. We are anxious to bring our records up-to-date and if possible to settle this long outstanding account. It would assist us greatly if you would be kind enough to complete the attached form.

An addressed envelope which does not require a stamp is enclosed for this purpose.

Yours very truly,

Re: Account of J.B. Stratton
S.E. 16-9-17-W4

The matter of an application for an adjustment of indebtedness outstanding against the above mentioned party is referred to you, constituted as a Board to deal with such cases. Having completed an investigation I am now in a position to report as follows:

In 1915 relief amounting to $100.00 was advanced to J.B. Stratton on the security of the above mentioned land. No payment has ever been received and the present standing of this account is:

Principal	Interest	Total
$ 100.00	$ 182.08	$ 282.08

Patent was issued in the name of J.B. Stratton for the S.E. 16-9-17-W4 on the 29th of September 1909 and there is no record of the lien having ever been registered.

In 1916 title to the land was acquired by The Mercantile Trust Company of Canada, Ltd., and the indebtedness has since remained as a charge against the lienee under his personal covenant.

The whereabouts of the original debtor is unknown and it is considered that there is no possibility of collection.

As the lien was never registered against the land and there is no further security for our advance, it is recommended that the indebtedness be cancelled.

C.W. Gilchrist.

1. That the indebtedness, which is more particularly described in the attached report, be cancelled without the requirement of any payment.

Dear Sir,-- Re Daniel McKinley - S.W.-3-55-24-W.4.

We understand that this man squatted upon the above lands in the year 1881, but did not obtain title upon them until 1889. By some mistake, however, the patent when issued reserved the coal rights. Upon discovering this, Mr. R. B. Mackintosh, to whom Mr. McKinley made a lease of the coal, under date of the 11th. December, 1906, made application to purchase the coal within the last few days. This was, however, only to protect Mr. McKinley's rights.

Will you kindly have the matter taken up so that a patent covering the coal may issue to Mr. McKinley.

Yours truly,

Gentlemen,

MEMORANDUM:-

I beg to return Mr. Daniel McKinley's letter of the 31st ultimo, applying for the Coal rights of the S.W.¼--3--55--24 W. 4th, which was formerly his pre-emption and to which he claims to be entitled as the patent which was issued to him for his homestead, the S.E.¼ 4 did not reserve the coal.

The facts are as follows: Daniel McKinley, squatted in 1902, before survey, on the S.E.¼ 4--55--24--W. 4th, and on the 8th January, 1903, entered for the said quarter-section as homestead, and for the S.W.¼ 3 in same township as a pre-emption.

Patent for his homestead (the S.E.¼) was issued on 12th May, 1904, and contained no reservation of the coal, as he had settled on the land prior to the 31st October, 1907.

He subsequently entered as a second homestead, on the 23rd February, 1905, for his pre-emption quarter-section, less 5 acres patented to the Presbyterian Church and the Sturgeon Protestant Public School District, and the patent for such second homestead was issued to him on the 29th July, 1904, conveying 150 acres, and reserving to the Crown the Mines and Minerals, and also including a clause as to irrigation rights.

He now asks if he is not entitled to the coal rights of the S.W.¼ 3.

This is a similar case to those of Geo. S. Long (436354) and R. P. Ottewell (526601) and your rulings

The Honourable Frank Oliver,
Minister of the Interior.

rulings in those cases were to issue supplementary patents conveying the Mines and minerals.

The under rights of the S.W.¼ 3--55--24--W4 have not been disposed of, but an application therefor has recently been received from Miss Maude L. MacKintosh, subject to any prior rights of ~~af~~ Mr. McKinley, and as a protection to him against any other applicants.(Ref. 3405 Mines)

A supplementary patent, conveying them to Mr. McKinley should, therefore, in accordance with the decision arrived at in the similar cases above referred to, now be issued.

Respectfully submitted,

Chief Clerk.

Dear Sir:-

We have before us your letter of the 17th inst. addressed to Mr. George H. Williscroft, Vegreville, informing him that his application for seed grain has received favorable consideration, and that he will be supplied with the amount of grain as specified. We are acting for Daniel McKinley, the registered owner of the property, from whom Mr. Williscroft obtained a lease of the land. We have a Power of Attorney to act for Mr. McKinley, and, after discussing the matter thoroughly with Mr. Williscroft, we think that it would probably be more satisfactory to you, as it would be to us, to have the grain sold to Mr. McKinley, the Government taking a direct lien against the land for the same so that Mr. McKinley could sell the grain to Mr. Williscroft and secure himself by a chattel mortgage or lien against the crop. Mr. Williscroft is willing to consent to this mode being adopted, and, to signify such consent, we have had him sign this letter. If there are any documents required in order to complete the

Hon. Sir,

I am acting for the Sturgeon Protestant School District No.24, Alberta, who are Registered Owners in Fee Simple under Patent from The Crown of a Plot of Ground containing one Acre used as a School Site and being portion of the S ½ of S.E. ¼ of Legal Subdivision 4 of Section 3 - 55 - 24 W.4th, Alberta, described in the Patent and Certificate of Title by Metes and Bounds and subject to a reservation of Fishery Rights and Mines and Minerals and to a Condition that should the Plot cease to be used for a School Site or purposes properly connected therewith or be used for any other purpose the same should revert to the Crown.

The School Plot referred to above adjoins the Presbyterian Church and is very close to the Post Office and General Store, and this proximity has been found to cause certain inconvenience with regard to the management of the School and the conduct of Public Worship in the Church. The Plot has also been found to provide insufficient space for a play ground and to present difficulties as to adequate drainage owing to it's low situation. As a consequence the School Board have entered into an Agreement with one Thomas Griffin whereby Thomas Griffin agrees to transfer to the School District for purposes the same as those described in the

Patent I have referred to a Plot containing 2½ Acres very favourably situated and being a square plot situated at the S.W.corner of the same Legal Subdivision and bounded on the South and West sides by roads and on the remaining sides by Farm Lands and removed a suitable distance from the Church and Post Office and at a higher elevation with better drainage and providing adequate play ground accomodation owing to the larger area; as a consideration for the transfer of this 2½ Acre Plot the School District have agreed to transfer to Mr. Griffin the 1 Acre Plot and pay a sum of $150 and in pursuance of the Agreement the said School District entered into a Contract for the erection of a new and better School Building on the new 2½ Acre Plot and this Contract calls for completion of the new School, ready for occupation, by 15th August Inst., but the building is not expected to be ready by that date although it is already partly constructed.

The Agreement is considered a very advantageous one for both the School District and the Church and the parties are anxious that it should be carried out.

On looking into the Titles with a view to making the necessary conveyances I have found the above referred to condition as to user and reversion of the 1 Acre Plot and write to ask that The Crown accept a surrender of the Patent of the 1 Acre Plot and

Mr. Griffin is not the Registered Owner of the 2½ Acres so to be Transferred and which are portion of the S.W.3 - 55 - 24 W.4th standing in the Register in the L. T. Referring to my letter to you of 3rd Inst. regarding the Sturgeon Protestant School District No.24, Alberta, my clients have instructed me to ask you to permit this transaction to be carried out on having a provisoe inserted in the conveyance to the Trustees that an area of one Acre, out of the 2½ Acres referred to, should be affected by the condition that, if not used for School Purposes, it should revert to The Crown, instead of the Whole of the 2½ Acres as proposed in my letter.

Ottawa, 9th October, 1914.

MEMORANDUM:

N.O. Coté, Esq., I.S.O.,
Controller, Land Patents Branch.

Re School site in
S.E. 3-11-3-4. 4th M.

On the 14th July, 1914, the above mentioned quarter section, containing 161 acres, was patented to Daniel McKinley less five acres in the South East corner of legal subdivision 4, these five acres being shown coloured PINK on the Sketch hereunto. The five acres in question have been patented to the Presbyterian Church. One acre out of these five acres, being lettered in BLACK on the Sketch was subsequently reserved to the Crown by Certificate of Title 189 "C" on File 8097", and was patented to the Sturgeon Protestant School District No. 44, on the 14th of November, 1907, with the usual provisos.

Mr. C.A. Boyton, Barrister, of Edmonton, acting on behalf of the School District, has stated that the authorities are not satisfied with the site and desire to retain two and one-half acres in the South West corner of the quarter section, same coloured BROWN on the Sketch. They propose to reserve to the Crown by Certificate of Title the one acre which was patented to the District and to obtain a transfer of the two and one-half acres parcel from Mr. Griffin

who.....

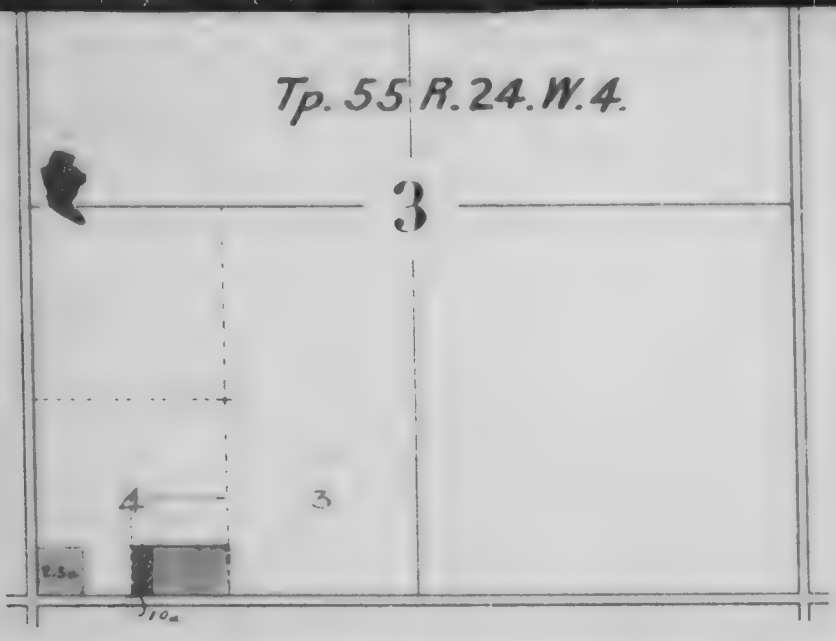

who is not the registered owner of the land but is in a position to obtain clear title to the two and one-half acres in question, it being, according to their statement, registered in the name of R. Secord. They further ask that the one acre in question be patented to Mr. Griffin and that the two and one-half acres be granted to the School District based on the proposed transfer from Mr. Griffin and that the grant should be subject to the proviso that the one acre out of this two and one-half acres shall be used for the purposes of a School site and purposes properly connected therewith and for no other purpose or purposes whatsoever, which was the proviso in the grant to the District of the one acre already patented and which they proposed to revest.

I do not see what end is to be gained by this proposed action re the proviso, as, if the grant is made based on such a transfer the School would then have a title in Fee Simple to the one and one-half acres and the title to the remaining acre barring such proviso. The question would then arise whereabouts the one acre is to be situated and how such proviso would be affected.

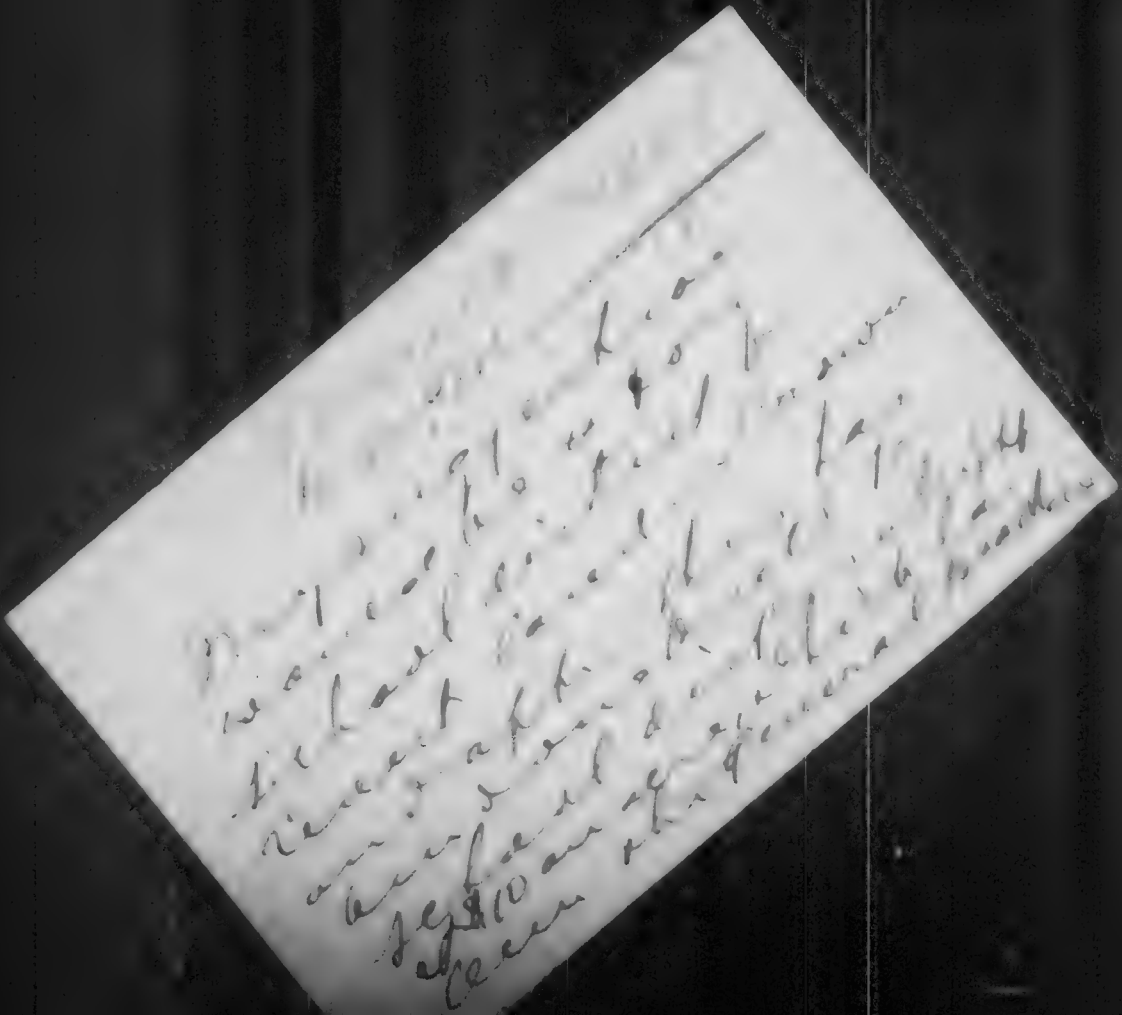

It seems to me that it would be much better that the District should hold title in Fee Simple for the full two and one-half acres, and in order that such grant might be made the transfer from Mr. Griffin to the School District should be filed here together with an Abstract of Title showing that Mr. Griffin is the registered owner of such two and one-half acre parcel.

I would recommend the exchange on this basis.

Sir,

With reference to your letter of the 7th ultimo and previous correspondence, I beg to inform you that the matter referred to therein is under consideration and when a decision has been arrived at, which it is expected will now be at an early date, you will be advised of its purport.

Re Trustees Sturgeon Protestant S.D.
No. 24, Alberta; Part S.[illegible] 3-[illegible]-24, W. 4th M

Sir,

With reference to your letter of the 7th ultimo, and my reply thereto of the 20th of the same month, I beg to inform you that your request that "The Crown accept a surrender of the Patent of the 1 Acre Plot and grant a new Patent without this condition to Thomas Griffin and that a Condition in the transfer of the 2½ acre Plot that the same be held by the School District subject to a like Reversion in the case of non-user or user for purposes other than School purposes be accepted by the Crown in lieu of the right of Reversion in the 1 Acre Plot sacrificed by the issue of the new Patent to Mr. Griffin," has received careful consideration, but it is not possible for the Department to meet the wishes of the persons concerned in the manner suggested. As it would appear, however, to be in the public interest that the proposed exchange should be made, it has been decided that if the School District will revest the one acre in question in the Crown, such one acre will then be sold to them outright at the rate of $10.00 an acre, which is the price at which land required for school sites is, under the present regulations, now disposed of. In this way the patent will be issued without any restriction as to use and disposal of the land, which would enable the trustees after they have received the new patent to carry out the proposed exchange.

Please advise the Department whether this decision is satisfactory to your clients.

Dear Sir: Re S½ of S.E. ¼-s.3. 4 -Sec.3 -Tp. 22 -R.24 -W.4th.

On the 14th of November last we wrote you concerning a grant which originally made to the Presbyterian church, was subsequently re-granted to the school district of Strawberry River School District # 24, upon the condition that the same should be used for school purposes only. Recently the school district asked a release of this condition, and as we understood the church agreed to the release providing the Department also approved.

We desire to know if anything has been done in this direction and if not whether the Department would give the necessary approval or not.

We have no reply to our letter. Will you please send same to us and advise us.

In question one acre which had been reserved in the Crown by the Presbyterian Church was patented to the Sturgeon River School District No. 64 for school site purposes, and the said one acre has recently been within reverted in the Crown by the school authorities, who have been granted permission to purchase the same outright.

We notice that your letter states that the Board is merely anxious to purchase [illegible]. We do not quite understand in as much as the original agreement did not contemplate any such event but on the contrary the land was granted subject to the present [illegible] and the Church released the land conditionally, the Crown solely intervening to carry out the purpose of the condition. Now that the Church has released that condition in order to convey the property outright to the school we would understand that the patent would issue to the school upon payment of such fee as the department may have as the usual fee in the like condition. Please advise.

The Secretary,

Dear Sir:

Re S.½ of S.E. ¼ L.S. 4 - 3 - 55
24 - 4.

This land was granted to the Board of Management of the Church and Manse Building Fund of the Presbyterian Church in Canada for Manitoba and the North West for Church purposes. Thereafter the Protestant Public School District # 24 of the North West Territories applied for an acre to wit;

Commencing at the S.W. corner thence North 5 chains 2½ links Thence East 2 chains, thence South 5 chains 2½ links, thence West 2 chains, containing 1 acre more or less, for School purposes.

The Church was agreeabke to the use of the land for this purpose by the School District, and an instrument dated the 19th December, 1896 executed by the Church Board and the School Board was approved by the Department whereby the land was granted to the Crown, represented by the Minister, and thereafter the Crown re-granted this portion of land to the School District, but upon the condition it it must be used for School purposes only, or if it should cease to be used for that purpose it should return to the Crown to be re-granted to the Church.

Recently the School District has asked to be relieved from this condition and the Church being desirous to aid educational purposes has, we are instructed agreed to release, provided the Department approves of that being done.

The method that we would employ in this case would be to have the Church Board execute a release in the premises and file the same for the approval of the Department. If approved the Department could then make the appropriate grant to the School Board.

4274860

We understand C.M. Boynton, Barrister, then of this City was asked to carry out the transaction but the School Board recently instructed us for some reason or other the matter had not received attention, and requested that we should take the matter up and carry it out.

Would you please therefore say:

1. Whether Mr. Boynton has made the necessary application to the Department for permission for this to be done.

2. If he has made the necessary application how far has the matter progressed.

3. If the application has not already been made will the Department sanction the release by the Church Board of all claim to this acre, without affecting the remainder of the land, included in the original grant.

4. In the event of the Department being willing to consent to the release, and the conveyance without condition to the School will it be satisfactory to have a release executed by the Church Board filed in your Department for the purpose of carrying out the transaction.

T.P. 19, T.1 and S.T.P. 30-41-27-W.4th M.

I would refer you to Mr. Harvie's request of the 29th ultimo and would ask you to kindly arrange to have me furnished with the necessary information.

I understand that what is required is a sketch on a larger scale than that shown on the township plan, showing the areas of any additional portions, the areas of new portions now covered by water which were formerly covered in the lands patented, and also the net water areas which might now be available for disposal for fur farming licenses.

Information might also be furnished as to whether the changes in the shore line are due to recession of the water, correction in survey or different methods of survey. The plats relating to the patented portions of the quarter sections in question are on the respective files.
